Lorenzo Avola **MASTER'S ENGLISH**

TERMINOLOGY, RULES AND PROCEDURES FOR USE IN THE MERCHANT NAVY AND THE BLUE ECONOMY

Questo libro è linkato a video in lingua ambientati sulle navi ed esercizi sul Marlin Test, certificato indispensabile riconosciuto ufficialmente dalla *Maritime and Coastguard Agency* per poter imbarcare con le più grandi corporation del mondo.

MASTER'S ENGLISH is an ideal text to prepare an Officer Cadet for high school exams and acquire the technical vocabulary required by the STCW regulation, while at the same time observing the ministerial requirements for boarding ship for the first time together with colleagues of other nationalities. An adequate knowledge of technical English is a fundamental requirement for both Officers and Officer Cadets. The latest statistics show that the English test remains the main reason for failure in the exams for Third and Chief Officer. This book is linked to language videos in ship settings and exercises on the Marlin Test.
